January 2017

Excellent News for Atlas Clients

We are now SIA approved!

The SIA (Security Industry Authority) is the national organisation responsible for regulating the private security industry. They report directly to the Home Secretary.

By achieving the SIA accreditation, Atlas demonstrates to purchasers of private security services, independent proof of their commitment to quality. John Kenny Managing Director, recognised multiple advantages to ensuring the business achieved the award, both for his current clients and the continued growth of the company.

John said "Achieving the SIA Approved Contractor award, is a gruelling and meticulous process and not only did we achieve the award, we went above and beyond".

"We are delighted the quality and hard work of our Response Officers and Management team has been recognised. We are the only local provider offering Security Services to Wirral schools to achieve this accreditation and it enables us to demonstrate we provide a recognised and quality service to our clients".

Atlas' growth saves customers money.

Atlas are offering their customers the opportunity to make further savings on their services supplied by ourselves. We offer discounts for security packages for customers signing up for 2+ years. Please contact the office for a chat about your requirements.

Smart thinking. We prove teamwork works!

Every company should have a USP. What's that?

A unique selling point!

We think we have quite a few but the one that our customers find that benefits them the most is our integration with Atlas Fire and Security alarm services. This means we are able to utilise our own engineers to resolve alarm issues when they occur. We can get faults sorted immediately whilst we are on site or arranged for next working day making your ever busy working lives just that little bit easier

+

= UNIQUE SERVICE

Happy New Year

Customer Praise!

"Professional, Reliable and comprehensive service across all areas with the added bonus that staff are passionate and caring about the services they provide" Mr Riley Director of Finance & Resources Wirral Grammar School for Boys

Socially responsible

In 2016 we got involved in local community issues.

We took the opportunity to help local unemployed young persons learn more about the security industry and opportunities by doing presentations at several local events

One of our Patrols helped out a homeless sleeper he discovered whilst out on patrol and ensured he had a bed for the night and assistance the following morning to get the support he needed.

We supported local Churches with their building security and events.

Stoptober saw our Management team raise a few quid for Macmillan Cancer Support.

November saw our MD, JK grow a ridiculous moustache .

The end of 2016 saw us sponsoring the Heswall Ice festival a 4 day event which saw thousands descend on Heswall for fun and celebration around the town.

Giving peace of mind to 60+ Wirral schools

From its launch in April 2014 Atlas Security Patrol has gone from strength to strength building a portfolio of varied clients delivering quality services including Wirral schools.

We are delighted to provide patrol and incident response services to over 60 schools. This service includes regular patrols of the school site and response to alarms and all incidents including staff support when the school is open. This includes attending to deal with unwanted and hostile visitors.

We automatically undertake extra patrols at times of higher risk including school holidays and can provide staff for events at school sites and to deal with parking issues in and around schools.

We arrange for the free supply and installation of a Dualcom alarm signalling unit and include the annual monitoring as part of our School Patrol contracts

We connect your alarm to the only Wirral based professional BS5979 Cat II, Alarm Receiving Centre.

All our staff are DBS checked, SIA licensed, trained Fire Marshalls. A manager from the operations team is available 24/7.

The Company holds full Employers liability insurance including public, products and inefficacy.

Phone your Contract's Manager Mike Collins on 0151 666 0626 .

ATLAS PATROL NEWS

Our customers define us

"Atlas provides us with peace of mind through reliable patrols of our school site and buildings, key holding and immediate access to expert knowledge of our intruder, fire and CCTV systems. In the event of an incident the essentials are covered before I even need to become involved." Alan Doyle Mount Primary School.

"The Office"

Atlas Security Patrol are based at Atlas House on the Dock Rd Wallasey, giving easy access to major routes and the motorway.

ASP rapid growth and expansion has meant we quickly outgrew our original office space on the first floor and so we had the professionals in to plan and build new office accommodation. Stage one is now complete and we will now be operating from much roomier offices on the Ground Floor.

Further improvements are planned to include new office furniture and fittings and new carpets.

We are lucky to have an extensive private car park which certainly makes commuting for all our staff easier. All our clients, present and potential are welcome to pop in for a cup of tea and to meet the Atlas

Trust Atlas to keep you safe

Atlas Security Patrol are your local company employing local people. We are the only local SIA and CHAS approved Security Company offering our services to Wirral schools.

The company is run and is managed by well known and respected security specialists John Kenny and Mike Collins. We have been delivering bespoke Patrol and Response services to Wirral schools since April 2014 and now have over 60 Wirral schools as well as over 150 other satisfied customers. Our reputation is everything. We always offer exceptional value for money and excellent customer service underpins our delivery. We will do what we say, and we will do it from day one.

"Atlas Patrol provide an invaluable service to our School, they are very professional and are prepared to go the extra mile when called upon"

Keith Newell Premises & Resource Manager
Townfield Primary

It's official!! Our Quality is Recognised

We like to hear how good we are and we shout it from the rooftops too! However we also wanted to be able to show it!

This year we have become a Living Wage employer, showing we care about our staff and those who work for our suppliers. We also applied for and gained CHAS approval. Chas approval shows our customers that Health and Safety systems run throughout our operation.

We are also now an SIA approved contractor for Security Guarding and Keyholding.

The Private Security Industry Act 2001 requires the SIA to establish a "system of inspection for providers of security services, under which those organisations who satisfactorily meet the agreed standards may be registered as approved, and may advertise themselves as such"

Approved Contractor Scheme organisations have distinguished themselves as being amongst the best providers of private security services in the UK and we are one of them!!!!

Another Happy customer says!

"We believe we were highly fortuitous in identifying Atlas as a key supplier to our project as their professionalism, highly competitive prices and extremely personable and experienced staff are second to none in our experience"
